Sub: Online conduction of Mid-Term Test on Google Classroom.

Dear Sir,

We are all aware of the challenges being faced by our society amid Covid-19. During the period, it is highly desirable that our student do not suffer with their academics. Together, we have made some effort with online video lecture through youtube channel, distribution of class notes, sharing knowledge resources link among students etc. It is also highly desirable that under such situation, our student moral should also be boosted. The concern mentor faculty may be asked to communicate students using various communication methods like Whatsapp, Facebook, Email, Mobile phone etc. and groom them.

Meanwhile, as teaching learning process has one more dimension of evaluation, the online conduction of the Second Mid-term Examination for VI and VIII Sem. engineering students and II and IV Sem. MBA students is proposed. The online Examination is to be conducted via Google Classroom platform. The period of conduction of online exam is between 10-04-2020 to 16-04-2020. The process should be widely publicized among the student. Some short video of such online exam conduction method may be prepared and shared among stakeholders. The online exam thus conducted would be of Open-book type exam and of descriptive type. Enclosed is the guideline to be provided to faculty and students along with schedule of exam (to be announced by you separately).

Compliance of above may please be informed to the undersigned with a copy to Dean, Academic Affairs.

This bears approval of Hon'ble Vice Chancellor.
