Poster and slogan making competition on covid-19 awareness

With the COVID-19 pandemic on rise, the need of the hour is universal adoption of safety measures. As prevention is better than cure, it is essential to strictly follow precautionary measures such as washing hands at frequent intervals, maintaining social distancing, and wearing masks at public places all the time. However, it has been observed that there are still many individuals who are reluctant to follow the safety measures, thereby, not only putting themselves at risk, but also the society at large.

Keeping this in mind, ECA VALUE CELL is organizing a poster and slogan making competition on COVID-19 awareness where participants will have to design a poster with a hard-hitting slogan on it, highlighting the importance of safety measures in curbing the spread of COVID-19.

Theme: Highlight importance of following safety measures to curb the spread of COVID-19

Last date of submission: Dec 10, 2020
